TROOPS FILL CITY TO GUARD
AGAINST POSSIBLE
REVOLT.

BUCHAREST, ROUMANIA, April
2. (UP)—King Ferdinand's condition
was "markedly improved" today, ac-
cording to an official bulletin.

The King's condition was reported
critical yesterday as a result of an
attack of grippe which complicated
an illness of several months.

Despite the favorable official bul-
letin, anxiety over the King contin-
ued. In some quarters it was declar-
ed his condition was hopeless.

Troops filled the streets of the city
today as the government guarded
against a possible revolt if the King
dies.

BEATS WIFE;
IS FINED \$35

DOMINIC CALDONIA UP IN NEW-
GEN'S COURT ON SATUR-
DAY MORNING.

Dominic Caldonia was fined \$25
and costs which totaled an amount
of \$35 in Justice of the Peace Rob-
ert Newgent's court Saturday morn-
ing for unlawfully beating his wife.

An affidavit for his arrest was fil-
ed by his wife Saturday morning and
city marshal Dave Braden arrested
Caldonia at the Zinc Mill and im-
mediately brought him before the
court.

The cause of the action on his
part was said to be attributed to the
fact that Caldonia filed suit for di-
vorce from his wife Friday and that
upon going home an argument was
started concerning his actions. Cal-
donia when arraigned would not tell
of the cause or anything concerning
his wife's accusations but retained a
sullen silence during the hearing.

Of The Programs.

Interesting programs were given
at the meetings of the Ward Schools
Friday afternoon and evening. The
Second Ward held their meeting in
the afternoon at the Second Ward
School House and the Third Ward
held their meeting Friday evening at
the Third Ward School House.

The Second Ward Parent Teachers
Association held its regular monthly
meeting at the building Friday after-
noon at 2:30 o'clock.

After the business was cared for
the Junior Orchestra, composed of
children from the three ward build-
ings gave a short but interesting
program. Much credit is due these
children and their instructors for the
patience and foundation work which
will serve for future process in musical
work.

Following this Mr. J. O. Cammack
read a very interesting paper on
Photography—its beginning, develop-
ment and present uses in art, science,
medicine, radio and its limitless
future. Some scenes of Putnam County
were displayed showing its beauty
which we fail to see sometimes.

The members of the Junior Orches-
tra are: Samuel Bohard, Stanley
Fisher, Robert Allen, Elizabeth
Hariden, Raymond, Spurluck, Her-
man Beck, Orville O'Hair, Kenneth
Eitel, Esther Benefield, Virginia
Mathes, Ruth Baughman, Frances
Hinkle, Alberta Morris, Jewel Maddox,
Mary Riley, Caroline Goodenough,
Mary Louise Talbott, Margaret
Pitman, Richard Wheelan, and James
Roberts.

At the meeting of the Third Ward
Supt. B. W. Kelley talked on "The
Modern School" as the subject for
his instructive address. Prof. Barn-
um's students from the DePauw
Music School furnished the music
for the occasion. A play "Celebrat-
ing The First Wedding" was given
by the mothers of the students.

The following are the women who
participated in the play: Mrs. Ben
Riley, Mrs. Annie Bausman, Mrs.
Raymond Fisher, Mrs. Bud Hurst,
Mrs. Frank Jones, and Mrs. Myers.

After the business meeting a social
session was held at which time the
mothers served refreshments which
consisted of sandwiches, coffee and
eskimoes, 135 people were present.

1st Ward Parent-Teachers met at
the building Friday afternoon in a
very delightful occasion. The pro-
gram, a playlet given by the mem-
bers of the 3rd and 5th grades, en-
titled "Billy, the Wakeman" was
greatly enjoyed. Mrs. Krehl of the
Childrens Home presented the asso-
ciation with a mother's Banner.

Dr. C. Howard Taylor gave a very
interesting and instructive talk. De-
lightful refreshments were served.

Rangers On Way
To Texas City

CRIME WAVE CLIMAXED FRIDAY
WITH DEATH OF TWO
OFFICIALS.

BORGER, Tex., April 2. (UP)—
Bandits and gunmen remained quiet
today as ten Texas Rangers sped
here from Austin on orders of Gov.
Dan Moody. A request by Borger
citizens for martial law to drive out
the lawless element was answered by
the dispatch of the Ranger force,
traditionally famous officers.

The unchecked wave of crime and
outlawry in recent weeks was climaxed
yesterday when Deputy Sheriff's
Patkenyon and A. L. Terry were
murdered on the roadside near here,
apparently outshot in a revolver bat-
tle with bandits.

Two weeks ago Patrolman Coke Bu-
chanan, picturesque Texas peace of-
ficer, was shot to death when he
challenged a gang of men in the act
of robbing a wholesale grocery house.
Lawlessness followed the oil boom
into Borger. A number of persons
have been slain in vice dens and the
dance halls.

Terry and Kenyon were the third
and fourth officers to be killed with-
in a year.

1926 GASOLINE TAXES
YIELDED \$187,000,000.

Gasoline taxes yielded a net reve-
nue of \$187,603,231 in 1926, accord-
ing to data collected by the Bureau of
Public Roads of the United States
Department of Agriculture from the
various states. A tax was imposed
in all but four states at rates rang-
ing from 1 to 5 cents per gallon, the
average rate being 2.38 cents. The
tax collections indicate that nearly
eight billion gallons were consumed in
the states imposing the tax and it
is estimated that nearly two mil-
lion gallons were used in the four
states in which no tax was imposed.
The revenue from the tax was al-
lowed as follows: \$129,441,520 for
state highways, \$43,009,479 for com-
munity and local roads, \$5,238,830 for
payments on road bonds and \$9,913,
363 for miscellaneous purposes.

Fewer changes were made in the
rate of tax than in other recent years.
In Kentucky the rate was increased
from 3 to 5 cents, in Mississippi
from 3 to 4 cents, in North Dakota
from 1 to 2 cents, and in Virginia
from 1 to 4 1/2 cents. Other increases
which become effective after the
close of the year were an increase in
Alabama from 2 to 4 cents and in
Montana from 2 to 3 cents.

The net tax receipts for Indiana
amounted to \$8,971,711 on a rate of
3 cents per gallon.

Stewart Goes

APPEAL TO HIGH COURT DIS-
MISSED AND SENTENCE
ACCEPTED.

The appeal to the Indiana Supreme
Court in the conviction of Lelaw F.
Stewart, former superintendent of the
Putnam County Poor farm, was dis-
missed Saturday morning in open
court and special Judge John M. Ray-
ley of Brazil dismissed additional in-
dictments against him, when Stewart
dismissed the appeal and was taken
to the Indiana state prison to serve
the sentence imposed of one to five
years.

Following the report of the jury
some weeks ago of guilty of embezza-
ment, Stewart filed notice of appeal.
The additional affidavits were set
down for trial, but after going over
the matter, the defendant decided not
to make the appeal fight and ac-
cepted sentence. He was taken to
Michigan City Saturday afternoon by
Sheriff Eiteljorg.

M. E. WORKERS
NOT FLEEING
FROM CHINA

STATEMENT IS ISSUED BY THE
METHODIST BOARD OF FOR-
EIGN MISSIONS.

REFUTES MISLEADING REPORTS

Work of Missionaries Is Only Started
In Orient. Many Still At
Their Stations.

The board of foreign missions of
the Methodist Episcopal church in
America, with headquarters in New
York, has issued a statement con-
cerning mission conditions in China,
intended, the statement explains, to
refute misleading reports that have
appeared in some publications rela-
tive to the conditions. The state-
ment, which is under the signatures
of Dr. John R. Edwards, corre-
sponding secretary of the board of
foreign missions, and Mrs. Thomas B.
Nicholson, president of the Woman's
Foreign Missionary Society, is as fol-
lows:

"Our missionaries are not flee-
ing from China. They are not being
driven out of China. They are not
being recalled by the board of for-
eign missions. Their work is far
from finished.

"Christianity and Christian mis-
sions are not dead in China. There
have been no known defections of
Christian Chinese to other faiths.
Our investments in churches, in
schools, in hospitals still stand. Col-
leges and universities are generally
maintaining normal enrollment.

Facts by Cable, Letter.

"We are in constant touch with
our bishops and our missionaries by
cable and by letter. How do these
men appraise the situation? What
do they say of the status of our
mission work in China? Do their
facts bear out or refute statements
of mission collapse, coming from a
few sensationalists in China? Here
are the facts:

"The board of foreign missions of
the Methodist Episcopal church, has
526 missionaries in China; the
Woman's Foreign Missionary Soci-
ety has 224.

"Of this number, 450 are in their
usual places of service.

"Eleven missionaries of the board
and six women of the society are
now enroute to the United States.
They are coming home this year on
furlough. They are not refugees.
They expect to return to China after
furlough.

"Twenty-two missionaries of the
board have gone to Manila. They
are mostly mothers with children.
Most of the husbands and fathers
are remaining at their posts in China.
Nine women of the society are in
Manila. They all hope to return.

"Thirty-six missionaries of the
board and nine of the society from
the interior towns or isolated West
China have gone to Shanghai on
the advice of American consuls. They
were at remote centers where law-
lessness might not be easily control-
led by Chinese authorities. They
await favorable opportunity to return
to their posts.

Services Carried On.

"We know of no missionary who
has left a station because of opposi-
tion to him or her personally, or be-
cause of opposition to Christianity
in general, or to his or her church
or institution or services in particu-
lar. In certain instances services
are being carried on, schools con-
ducted, and clinics operated by Chi-
nese men and women who have
been trained by missionaries. These
difficult times are proving the deep-
seated spiritual strength of Chinese
Christians. They are holding stead-
fast to highest teaching of Christ.

"Briefly stated, the political-
military situation is this: For years
China has been controlled by con-
tending warlords; on the whole
they have not disturbed mission
work, but China herself could never
develop under them. Then there
arose around Canton—guided by
Sun Yat Sen, a Christian—the South-
ern army which plans to free China
from the warlords. Unfortunately,
since the death of Sun Yat Sen, there
have been two groups in the South-
ern leadership—one of them greatly
influenced by Russian Bolshevism.

"The Southern army, officered
largely by able and patriotic and
earnest young men (many of them
mission school products), is now
marching northward and appears able
to defeat the warlords. As the South-
ern army controls new counties and
towns in its march, local governing

there has been no material change in
his condition a spokesman for Dr. R.
D. McClure, surgeon-in-chief for the

MESSERSMITH
PRESIDENT OF
DPU COUNCIL

DEPAUW STUDENTS GO TO THE
POLLS ON FRIDAY
AFTERNOON

FEW BALLOTS ARE MUTILATED

Margaret McLean, A Greencastle Girl
Is Elected Secretary of DePauw
Student Council.

That the men and women attend-
ing DePauw University know some-
thing about voting in an intelligent
way, was demonstrated Friday after-
noon when more than 1,300 voted in
the annual Student Council Election,
and but few ballots were mutilated.

The election resulted as follows:

President, Lloyd Messersmith.

Vice President, Miss Josephine Oy-
erton.

Secretary, Miss Margaret McLean.

Treasurer, Hugh Spohn.

Freshman Class President, George
Obar.

The question of voting without
mutilating a ballot is one that many
have not yet mastered, but the bal-
loting of the students on Friday in-
dicated that they were learning the
art of voting rapidly. In the elec-
tion in the Rotary Club a few days
ago, several ballots were mutilated
by voters who cast a vote for two
for various offices, thus making the
ballot impossible to decipher.

More than the usual amount of in-
terest was also shown in the student
election Friday, and it was thought
to have been the heaviest vote ever
cast by the student body in any elec-
tion.

MILITARY MAY
PATROL WARDS
AT ELECTION

WOULD AVERT POSSIBLE TROU-
BLE AT CHICAGO POLLS
ON TUESDAY.

CHICAGO, April 2. (UP)—The
Military may be brought into Chi-
cago Tuesday to safeguard the May-
orality election.

William Hale Thompson, republi-
can candidate and former mayor
through a Lieutenant has asked
Gov. Len Small to have the National
guard called for service at the poll.
Small's answer has not been given.

Thompson's request for troops—
which would give the Mayorality
election the aspect of a military pleb-
iscite—is based on charges that the
Democrats, whose candidate is May-
or William E. Dever, are attempting
to create a race hatred. Part of
Thompson's main support is through
the negro district of the south side.
In addition to the request for
troops it became known that the
police will maintain strict vigilance
Tuesday. Thirty-five machine gun
squads will be in readiness. A rifle-
armed guard will be on duty at each
of the "Trouble Wards." There will
be 160 two man flivver squads on
duty and 95 man squads patrolling
the streets.

time conditions in Europe.

D'PAUW GRAD

AT BLUFFTON

BANK CLOSING DOORS AND
RALPH S. TODD COMITS
SUICIDE.

MEMBER OF BETA THETA PI

Bank President Is Survived By The
Widow and Two Children. Writes
Letters To Friends.

BLUFFTON, Ind., April 2.—Ralph
Studebaker Todd, 16 years old, presi-
dent of the Studebaker State bank-
Bluffton's oldest banking institution
and the largest state bank in Indiana
which closed its doors last Saturday
committed suicide shortly after noon
Friday by firing a bullet from a .38
caliber revolver into his right temple.
Worry over the closing of the bank
is attributed as the cause for the act.

The scene of the tragedy was a
farm near the city owned by the
bank. The body was not found until
the tenant Everett King, entered the
barn at 4:30 o'clock Friday afternoon.
It was lying on a pile of sacks. The
bullet entered the right temple and
passed—through to the left temple.
Todd's car was parked outside the
barn. In his coat pockets were found
five letters. One was directed to his
wife, who formerly was Agnes Moul-
der of Greencastle, Ind., one to an un-
dertaker, Herman Thoma; one to
David H. Swain, editor of the Bluff-
ton Evening News; one to George L.
Sanders, editor of the Bluffton
Banner, who was a representative in
the last Legislature, and one to A.
B. Cline, a director of the bank.

The text of the letters to Swain
and Sanders follows:

"This is an awful thing that I am
about to do, but the closing of the
bank means the closing of my life as
well—I have fought for months to
keep it open, but the insidious rum-
ors circulated by the enemy were
too much.

"Please be assured that my records
at the bank are in entire balance—
the audit now underway will bear
that out.

But when I think of the many de-
positors who have been my friend-
it is too much—I will lose my reason
if I try to live on.

It is hard to die, but harder to live
on and realize the distress of the de-
positors—I just can not stand more.
Sincerely,

R. S. TODD.

Mr. Todd was a graduate of De-
Pauw university where he was a
member of the Beta Theta Pi Frater-
nity. He had been president of the bank
since 1909. He was a thirty-second
degree Mason.

He is said to have had large oil
holdings. Surviving are the widow
and two children, James Todd, 23
years old, and Martha Todd, 17 years
old.

State bank examiners are at pre-
sent at work on the books of the bank
which had deposits of \$1,400,000.

NEWCASTLE, Ind., April 2. (UP)
Melvin Rigbsy, 30, town marshal of
Shirley, Ind., near here, today was
held in the Newcastle jail as authori-
ties investigated the fatal shooting
of Herman Riggs, farmer living

Rigbsy is said to have attempted
to arrest Riggs in a Shirley poolroom
fatally shooting him when he resist-
ed. According to witnesses no moti-
ve could be determined for either
the arrest of the shooting as Riggs
had not been drinking and was sit-
ting quietly in a chair when the mar-
shal entered.

Rigbsy shot twice, striking Riggs
in the abdomen and leg. The victim
was removed to the Anderson Hos-
pital where he died.

The second recital in the series of Musical Art Review Recitals will be given at Meharry Hall next Tuesday evening at eight o'clock. The program to be given by Eugenia Harris, Fern Gray, and Edith Nell Morris, under the direction of Prof. Lawless will consist of folk songs and song classics of England, Scotland, and Ireland.

The artists will be assisted by the DePauw male glee club and Grace McCullough, playing the flute, Prof. Howard J. Barnum, playing the violin, harp and bagpipes. The bagpipes will be played by three men from the university symphony. Miss Rosemond Nyman will accompany the artists at pianist.

Miss Mildred Morris is reader of the prologue, and Miss Fern Boyers impersonates the court page. Costume will be used throughout the program representing the nationalities.

These recitals are offered to DePauw students as a part of a two year course of recitals to be presented under the direction of Prof. Lawless of the Music School. INDIANAPOLIS LIVESTOCK

INDIANAPOLIS, April 2. (UP)—Trading was slow in the hog market during the closing session of the week on the Indianapolis livestock exchange today and a weak tone developed.

Prices were quoted steady to 10 cents higher in early transactions but ready to lower at the close.

Heavy hogs sold at \$10.65 to \$11.45 while lightweights ranged up to \$11.75. The run numbered 2,500.

Cattle quotations were steady on receipt of a light run of 200. Beef steers brought \$9.25 to \$10.25 while vealers sold at \$14.50 to \$15.00.

With only five head of sheep and lambs in the pens, the market was

committees are placed in control. In Nanchang for example, two men with Ph. Ds. from Columbia University, and a third who is a graduate of the University of Paris, form the governing committee; elsewhere there may be coolies in control. Sometimes the committees have an anti-Christian bias, and make unreasonable demands upon churches and schools; sometimes they co-operate in friendly manner.

"In general, the Southern leaders demand that mission schools have a majority of Chinese on the governing body, that the president or principal be a Chinese, that Bible study be voluntary and not compulsory, that obedience be made to a picture of Sun Yat Sen displayed in the school, and that his three principles of action—self-determination of nations, sovereignty of the people, government control of economic factors—be studied. To most of these demands many schools give ready acquiescence. Some hesitate to bow to Sun Yat Sen, interpreting it as idolatry; others think of it as we think of saluting the flag.

"But there is no attempt to wipe out Christianity or Christian institutions, or to dismiss the missionary. It is an outgrowth of a new national consciousness—a consciousness that China has greatly needed and one with which almost all missionaries are in hearty sympathy and understanding. Missionaries see in it new hope for China, new opportunities for Christian service new Chinese leaders. The Soviet influence—uncomfortable here and there—is regarded as but a temporary feature against which the better sense of northern China will eventually recoil."

Dean Louis H. Dirks will address a group of Indianapolis alumni of Indiana University at the annual alumni banquet at the Lincoln hotel on Monday, April 4. Dean Dirks has chosen for his subject "The Personal Work of College Men."

E. A. Ross, professor of sociology at the University of Wisconsin, will address the sociology students Thursday afternoon, April 5, at 2:30 o'clock in Plato Hall, according to an announcement by Professor H. H. Turley-High. Dr. Ross is one of the country's outstanding sociologists and his theories have influenced American thought considerably.

Change Of Date
Of Diamond Games

TIGERS TO MEET BOILERMAKERS AT LAFAYETTE TUESDAY AND THURSDAY.

A change has been made in the playing dates of the DePauw-Purdue baseball games, scheduled for next week. Coach Hughes announced today.

Purdue was scheduled to play here next Tuesday and DePauw at Lafayette on Wednesday and Thursday, but to accommodate Purdue, the Tigers will play at Lafayette on Tuesday, and Purdue will come here for a game Wednesday and then DePauw will return to Lafayette for a game Thursday.

The Tigers have been working hard getting in shape for the opening game and the series of three promises to be an interesting one for both the teams and the fans.

BETTER TURNOUT THAN PREVIOUSLY—NEW PLAYS FORMED.

With the spring football season drawing to a close, the evening practices are showing marked results. Approximately sixty suits were issued at the beginning of the season. About half this number was issued last year, and due to unfavorable weather conditions, the number of men reporting for practice was very low. This season each practice has seen at least three teams on the field, and at times four teams have reported for practice.

The majority of the players this spring has consisted of last season's freshman squad or of new material, who heretofore have had no experience on the Tiger gridiron. A number of this latter group have displayed considerable ability in handling the pigskin, and will no doubt become valuable candidates for next year's squad.

For the past three weeks Coach Hughes has been drilling his men in plays, and closing the daily practice with stiff scrimmages. Several new plays have been worked out and are proving very successful in practice. The squad has been practicing under the new rules, and has adapted itself very readily to the provisions. The rule concerning the lateral pass has opened up many possibilities and several plays have been formulated to conform to this rule.

TO PAVE ROAD.

Plans have been drawn for paving the Dixie highway between Bedford and Bloomington with cement concrete and actual work may start within thirty days, it became known today.

The route between the two cities, which was agreed upon after many different surveys had been made, is to go down Lincoln avenue and will follow the old road bed to a point this side of Needmore. It will go east of the Needmore school and following the old route through and pass Harrodsburg coming out on the old road about one mile north of that town. It then takes a new route and goes east of the Nathan Smith hill and hits the old road and follows it to Clear Creek church where it crosses the Monon tracks and runs west into Bloomington on Walnut street.

According to present plans of the highway commission, the contract will be let in two sections, one for grading and the other for paving, and it is likely it will require three years to finish the job. The time may be shortened somewhat, providing contractors sub-let their stretches of road and if several different crews are working simultaneously.

It is estimated this will be the most expensive road to be built in the state by the highway commission and that it will likely require about \$75,000 per mile, because of cuts, fills, and removal of stone. An estimate of \$30,000 per mile, is the amount on many other roads in the state, it was said.

Chambers of Commerce of Bedford and Bloomington are to hold joint meetings at an early date to arrange for right-of-way that will have to be acquired. It is the intention of these two business bodies to call in county commissioners and councils for conference concerning appropriations as it is said the state highway commission has no money for right of way purposes. It is thought that there will be no trouble in getting right-of-way since the new road will be of great benefit to owners of the land.

According to the route selected Bedford and Bloomington will be shortened about two miles, and when completed curves and hills will be greatly eliminated.

Under a new law, the state highway commission is required to furnish and maintain detours while state roads are being built. A part of the old road will be closed but much of it will be open while the work is in progress.

It will be good news to all that the highway board is ready for business on this road and that concrete instead of tarvis is to be used—Bedford Mail.

Miners Will Not
Accept A Lower
Wage Says Lewis

UNION LEADER SAYS MINERS ARE WILLING TO NEGOTIATE WITH OPERATORS.

INDIANAPOLIS, April 2. (UP)—No break was apparent today in the general shutdown that has gripped the unionized bituminous coal mines of the Central Competitive district for the past 36 hours.

The miners have indicated—through a speech by John L. Lewis, national president of the United Mine Workers—that they will not agree to the demands of the operators for lower wages, even though the lower wages should be only for a term while conciliatory conferences are going.

Lewis in a speech to several hundred miners at Taylorville, Ill., said:

"We are willing to meet the operators at any time to negotiate any question. But they can not force us to concede a wage reduction as the price of a conference for a new scale."

At The Movies

OPERA HOUSE

One of the most blood tingling episodes filmed in many a day has been incorporated into "The Last Trail," the newest of the Tom Mix pictures, which is at the Opera House tonight. The scene in question depicts a stage coach race which for genuine excitement and everything that goes with it constitutes a mark for other producers of thrilling pictures to shoot at. See it for yourself.

Mix is his name, lovable self in his latest film, which is Fox Film's screen version of the novel story of the same name by Zane Grey. Tom is cast as the foe of a desperate gang of stage coach robbers. He is given plenty of opportunities to display his horseman-hip and marksmanship.

A tender love story has been woven into the rugged background of the film. Carmelita Geraghty, one of the most promising of the younger actresses, is the girl Tom wins after a little difficulty.

Also supporting the star are such players as William Davidson, Robert Brower, Jerry the Giant, Olive Eckhardt, Frank S. Hagney and Lee

Vancleave Theater.
Lon Chaney, portrayed of weird cripples, as a dogged fighter—leading a force of United States Marines in a desperate battle with Oriental bandits—this is one of the remarkable variants for the famous actor's usual activities—in "Tell It To The Marines," in which he plays a veteran sergeant in Metro-Goldwyn-Mayer's spectacular epic of the Marine Corps coming to the Vancleave Theater next Monday, Tuesday and Wednesday.

The picture, filmed with Government co-operation, was made on battleships, in Marine barracks, and in Oriental locales, with regular Marine in thrilling battle scenes, ship practice and other details of Marine life. George Hill directed it, with Lon Chaney in the role of a veteran sergeant, William Haines as a recruit, Eleanor Boardman as the heroine, a navy nurse, and Carmel Myers, Eddie Gribbon, Frank Currier, Maurice Kains, Mitchell Lewis, Daniel C. Tomlinson, and others in the cast. Several hundred regular Marines take part in the production.

Lesson for April 3

PETER BECOMES A DISCIPLE OF JESUS

LESSON TEXT—Mark 1:14-15, 22-21. GOLDEN TEXT—Come ye after Me and I will make you to become fishers of men.

PRIMARY TOPIC—Peter Follows Jesus. JUNIOR TOPIC—The Great Decision. INTERMEDIATE AND SENIOR TOPIC—Making the Great Decision. YOUNG PEOPLE AND ADULT TOPIC—Answering Christ's Call.

1. Jesus Preaching in Galilee (vv. 14, 15).

The reason for Christ changing from Judea to Galilee was the growing opposition to Him. He accepted the state of John, the Baptist, as foreshadowing His own death. The rejection of Him whose advent he heralded.

1. What He preached (v. 14).

The gospel of the kingdom of God which meant the good news of the near approach of the Kingdom of God when the rule of God as predicted by the prophets would be realized.

2. How He preached (v. 15).

(1) "The time is fulfilled and the kingdom of God is at hand."

This meant that the time had now come for the appearance of the Messiah and the establishment of His kingdom.

(2) "Repent."

This meant that the people should turn around, change their minds and attitude toward Christ and accept Him as their King. The message of repentance is one which needs to be sounded out today.

(3) "Believe the gospel." Then, as now, men needed to believe the gospel of Christ.

II. Jesus Called Peter and Andrew to Become Fishers of Men. Jesus called this pair of brothers for service in His kingdom. It is usually best to perform the Lord's service in pairs. This has a twofold value. It makes testimony effective; it provides fellowship on the part of workers and protection of the witnesses. It is to be noted that these men had previously been called to be disciples of Christ (John 1:36-42). They are not called to service. Observe:

1. From what they were called (v. 16).

"They were called from positions of definite service. They were fishers. God always chooses His servants from the ranks of the employed."

2. To what they were called (v. 17).

To be "fishers of men." They no doubt had been successful fishers. The qualities which made them good fishermen, namely, patience, bravery to face the storm and darkness of the night, and perseverance, which led them to toil all night though no fish were caught, would make them good fishers of men.

3. Their obedience (v. 18).

"Straightway they forsook their nets and followed Him."

To obey meant sacrifice, painful separation, the giving up of all business interests and leaving father behind. Regardless of the cost, they yielded prompt obedience.

III. Jesus Entering Simon Peter's House (vv. 29-31).

Soon after the call of Peter and Andrew, Jesus called James and John after which they entered the synagogue at Capernaum, where He cast out an evil spirit. This miracle caused His fame to be spread abroad.

1. A loved one (v. 30).

When Jesus entered this home He found Peter's mother-in-law with a burning fever. We know that among the closest followers of Jesus there are suffering ones and anxious and burdened hearts. To all such Jesus comes with loving sympathy and power to help.

2. "They tell Him of her" (v. 31).

This was the proper thing to do. We should bring to the attention of Jesus those of our families who have need of bodily or spiritual healing.

3. He healed her (v. 31).

"He came and took her by the hand and lifted her up." This act showed the nearness, sympathetic tenderness and power of Jesus. At His touch the fever departed and strength was imparted to her body.

4. "She ministered unto them" (v. 31).

This act showed:

(1) That the cure was instantaneous and complete. When Jesus heals there is no halfway business.

(2) Gratitude on the part of the one healed. She thus expressed her appreciation of what Jesus had done. All those who have experienced the healing power of Jesus will express their gratitude in loving service to the Lord and His disciples.

God's Indulgence

God is not over-indulgent. He is too loving for that. Because He loves us, and plans for our growth, He cannot let our faults go without correction. His justice stands side by side with His mercy, and cannot be eluded or left out of account.—Southern Methodist.

Finding Strength

Where shall we find strength for practical separation to God, except in God Himself.—Eckers.

TOUR DECLARED SUCCESSFUL

LAFAYETTE, Ind., April 2.—The tour of Purdue's electrical exhibit car carrying the message of convenience and labor saving benefits of electricity, recently came to a close after a trip of 2,526 miles, or a distance approximately the same as from this city to Seattle, Washington. The car, in charge of Kathryn McMahon and Truman and Robert Heintzen, of the Purdue agricultural extension staff, was the result of the co-operation of Purdue's extension and experiment station staffs and school of electrical engineering with the leading traction companies of the state.

The car was "on the road" for a total of 51 days, during which time it made 182 stops, with an average attendance of from 50 to 600 people who passed through it at Seymour, the high point of attendance for any single stop. A grand total of 27,654 Hoosier people took advantage of the visits of the car to inspect the farm and home electrical appliances which it carried.

Forty-eight of the state's counties were visited in one or more stops, Delaware county being the scene of the most visits, eleven in all. While farmers and their wives were in the majority at most of the stops made by the car, city folk were not far behind them, housewives of urban centers showing keen interest in the exhibit of home appliances which are just as effective and labor-saving in the city home as on the farm.

Those in close touch with the tour of the car feel that it is logical to believe that it will have most beneficial results in the use of more electrical appliances on farms and in city homes, and in some cases the extension of rural lines to serve new customers. There was hardly a farmer who visited the car who was not "sold" on the idea of electricity to the farm, and many stated that they would begin to figure ways and means of obtaining it as soon as possible.

SUIT TO TEST

Impeachment Law

Will Be Filed

INDIANAPOLIS, April 2. (UP)—A mandamus suit to test the validity of the legislative power to impeach a judge will be instituted by attorneys for Judge Clarence Dearth of Muncie it was announced today.

The judge who yesterday was acquitted by the State Senate of charges involving high crimes and misdemeanors in office, announced through his attorneys that a suit will be brought mandating Lewis S. Bowman state auditor, to turn over to the Muncie judge his salary check for the last month.

This check had been withheld under a statute of 1897 which directs that no person under impeachment shall hold office from the time impeachment proceedings are brought until he has been acquitted.

Frederick Van Nys, attorney for

A GOOD THING—DON'T OVER-LOOK IT.

From Jas. Edwards, Montgomery, Ala., comes this letter which contains a valuable suggestion: "I feel like a new man since taking Foley's Honey and Tar. I can now sleep all night, soreness in chest and the bad cough entirely gone. My whole family use it for coughs, colds and croup, and it always helps." Stops itching throat, nervous hacking cough, puts a healing, soothing coating on an inflamed throat. Sold and recommended everywhere. Ask for it.—R. P. MULLINS, DRUGGIST.

Judge Dearth, said that a formal demand will be made upon the auditor for salary owing from the time the House Board of Managers brought its action until his acquittal yesterday.

In case the payment is refused a suit will be brought immediately to mandate the payment from the auditor. This is not being done, according to the attorney, so much for the purpose of obtaining the salary itself as to test the validity of the law of 1897 in the higher court.

"Judge Dearth believes," said Van Nys, "that he should do this in order to protect other judges in the state from being harassed by what we consider an unconstitutional statute."

Bowman declared that he probably would not pay when the formal demand is presented him, but will leave the matter to be settled by the courts.

Judge Dearth was acquitted yesterday, after a two week's trial by the State Senate, on seven counts charging high crimes and misdemeanors in office.

The charges were brought by the House of Representatives which claimed that he misused his judicial prerogatives by impounding an issue of the Muncie Post Democrat, a newspaper published by George R. Dale.

Other counts of the impeachment proceedings charges that he appointed Jacob Cavanaugh as Delaware county jury commissioner in an illegal manner, that he permitted justices to be drawn irregularly for his court, and that articles of impeachment against Sheriff Harry McCauley were dismissed on the Judge's recommendation without formal hearing.

WASHINGTON, D. C., March 26.—Activities of the automobile clubs throughout the nation is having a great effect in reducing fatalities and accidents even though there still are 20,000 fatalities and 30 serious accidents to one fatality yearly, Herbert Hoover, Secretary of Commerce declared in an address before the secretaries convention of the American Automobile Association which just closed at Washington, D. C.

Hoover lauded states which are adopting uniform traffic codes supplanting existing motor vehicle legislation in order to make highways more safe for the motoring public. Indiana was among the states adopting such laws having passed many constructive measures at the last session of the legislature. These included a law providing for tail lights or reflectors on all vehicles; the law providing for all detours to be maintained by the state highway commission, and the one providing for all officers, while enforcing motor vehicle regulations, to be in uniform and placing them on a salary instead of a fee basis.

Indiana was well represented at the conference. Those from Indiana who attended were: E. W. Steinhart of Indianapolis, president of the Hoosier State Automobile Association; Dr. E. R. Baldrige, Terre Haute, vice-president; J. L. Murden, Peru, Treasurer; M. E. Noblet, Indianapolis, secretary-manager; James L. Gavin, Indianapolis, member of the executive committee; J. C. Props, Muncie, director, and T. H. Hubbard, Scottsburg, director. Others were: George E. Albrecht, secretary-manager of the Automobile Club of Evansville; W. M. Edwards, manager, and Frank Drake, secretary, of the state association. Chas. F. Bowden, Secretary of the Muncie Motor Club, and J. Wayne Motor Company.

As a result of the conference automobile clubs are in a position to give members better information. Improved emergency road service, accurate road maps and renewed activities in good roads.

"Although the total fatality toll still continues to be high," Mr. Hoover continued in his address, "there is no doubt at all that definite and substantial progress has been registered and that the result of the national campaign of education in which automobile clubs have participated, together with a definite program to shoot at and to work for, has resulted in very concrete progress in the field of national traffic safety."

Our toll of fatalities and accidents still run high but the fact that they have been held down while the mileage travelled by automobiles and the number of automobiles has greatly increased, indicate a hopeful measure of success."

SYNOPSIS

John Ballard, left poor by the same fate that deprived him of his parents, works his way through college. He meets and loves Viola Ruskin, who conceals her career in public service, and fights transportation negligence so successfully that Phil Hardin, school mate, and son of the President of the railroad, against which John cherishes a vendetta for his parents' death, offers a magnificent salary to join the railroad's legal staff. John wavers; it would mean money enough to marry Viola. Then Phil suddenly tells that he is going to marry her.

CHAPTER V

John Ballard never quite remembered how he got away from Phil Hardin at his club that day. Viola Ruskin? It was the girl of whom, for years, he John had dreamed. It was that, perhaps, that had led Phil to choose, such as it was, to fall upon her. She was here, and he, John Ballard, hadn't known it. She hadn't let him know she was coming. But—why should she, after all? They were not on terms that gave him the right to hear of her plans, her movements.

It was in a turmoil, a mental fever, that John went away. At a word he could change the whole course of his life. He could win freedom, success, the right to ask the girl he loved to marry him. He could assure his future, make him self think!

He carried away the memory of a few more words. She was, even then, in Ventnor, visiting friends. It was that, perhaps, that had led Phil to choose, such as it was, to fall upon her. She was here, and he, John Ballard, hadn't known it. She hadn't let him know she was coming. But—why should she, after all? They were not on terms that gave him the right to hear of her plans, her movements.

HUMANIZE EDUCATION

LAFAYETTE, April 2. —Technical education is often accompanied by the accusation that it too often overlooks the human element and finer things of life, but at Purdue university an attempt to "humanize engineering education" is meeting with considerable success. The movement, which seeks to mold the

character and personality of a student in addition to imparting technical information, comes under the head of a personal bureau, and is attracting much attention from prominent engineering educators and industrial executives, the latter finding the personnel system of great value in choosing Purdue engineers for employment after graduation.

In the development of the personnel bureau, established six years ago under the direction of Dean A. A. Potter, the complete record of the student is maintained, including his scholastic marks. The personnel bureau is in direct charge of Jack E. Walters, director.

As soon as a freshman arrives at Purdue, complete general information regarding him, his family, and his experience is obtained and a record started. In the latter part of the first year, reference blanks are filled out by each freshman. He gives the names of fifteen or more people who are qualified to rate him on the characteristics of his personality. Among the subjects covered are address and manner, attitude, character, cooperative ability, disposition, industry, initiative, judgment, leadership and native capacity.

The rating scale used ranges from one to ten and the five general classifications are poor, low, average, high, highest. High average is six, low average is five, average is between five and six, poor is one and highest, ten. As soon as fifteen rate the student, the ratings are compiled and a general impression of the student's personality can be readily seen from the ratings. If the general average of the student is low, he is called into conference by the personnel director of a member of the staff and in the discussion which results methods of improvement are suggested. The same procedure is repeated during the junior year and during the senior year the student also has an opportunity to improve.

During the senior year, after more than three years of study of the students, the director of personnel assists the seniors in obtaining employment after graduation. He gives advice concerning the best positions to accept and for what position the student is best fitted. The students are also followed after graduation through a system of progress blanks which are sent employers. Unsatisfactory reports are taken up with the former student and methods of improvement pointed out.

One of the proofs of approval that industries have given the personnel system is that initial funds were donated by the Indiana Manufacturers' association and it is also assisting with a substantial portion of current expenditures. Hundreds of letters have been received from industries complimenting the system and form students and graduates who have been helped by it.

It is felt that the system is developing better engineers at Purdue. Industry is coming more and more to the university for men, and last year each engineering senior was offered

four or five positions which he could not accept.

1,500 MORE
U. S. MARINES
GO TO CHINA

WASHINGTON, April 2. (UP)—Ordering of 1,500 more Marines to concentrate at San Diego, Calif., in readiness for Chinese service is taken here today as indicating the administration's fear of further trouble and an expectation that the disturbed condition in China will last a long time.

The order for the new Marine expeditionary force, the third, came only a few hours after Admiral C. S. Williams, commander of the Asiatic fleet, had reported possibility of serious trouble soon in the upper Yangtze valley, whence nearly all Americans now have been evacuated.

Williams, it was learned today, asked for the concentration of other Marines at San Diego when he requested 1,500 more Marines for Shanghai several days ago. The 1,500 bound for Shanghai are now proceeding across country and will sail on the transport Henderson early next week. The voyage will take 22 days.

WASHINGTON, April 2. (UP)—The gunboat Ashville has been ordered from Shanghai to Tientsin, 70 miles southeast of Peking, upon order of Admiral C. S. Williams, commander of the Asiatic fleet, he advised the navy department today.

Williams acted in response to a request from American minister McMurray at Peking.

PEKING, April 2. (UP)—American and British residents of Peking were alarmed today, although the city was entirely peaceful. Large numbers were preparing to evacuate as soon as possible.

The interior was reported to be growing more dangerous. Americans along the Tibetan border were urged to evacuate and American and British merchants at Kalgan, northwest of Peking, were preparing to leave.

Anti-American demonstrations at Chungking were reported to be increasing. At Nanking, police were guarding the American consulate but the British consulate was being used as barracks for Nationalist troops.

The American legation here denied it urged American institutions in Peking to evacuate their personnel, but it was understood the Rockefeller Institute and other organizations were granting immediate vacations and home leave wherever possible.

SHANGHAI, April 2. (UP)—The Cantonese Government "strongly protested bombardment of Nanking by British and American gunboats," said a statement issued at that city today by Eugene Chen, Foreign Minister by Admiral Hough, commanding the United States Yangtze patrol.

The Chinese suffered 100 casualties for every foreigner killed or wounded in the Nanking riots, Chen said. He denounced the attack on the foreign consulate and expressed regret over foreign casualties.

Fear for safety of foreigners increased as a result of reports that an order using the moderate Chiang Kai-Shek as generalissimo of the southern armies had been drafted at Hankow.

The order, it was understood, would not take effect for several days. The extremist wing of the party which would be left in complete control if Chiang were forced out, is more strongly anti-foreign than the centrist faction.

LONDON, April 2. (UP)—The British Government has decided to send further reinforcements to Shanghai, it was announced today.

Student Chest Fund
Explained By Puckett

In a talk before this morning's chapel John Puckett, president of the Student Council, explained the proposed plan for a Student Chest fund for DePauw, which is being considered in this afternoon's student body election.

Under the Student Chest fund plan students would pay \$3 to \$4 a semester or between \$6 and \$8 a year. Puckett showed that students are now paying approximately \$32.50 annually in fees to organizations, sub-

scriptions to campaigns and to campus publications. Large scale production, he explained, would enable all these payments to be made from the \$6 or \$8 that each student would be required to pay annually in conjunction with his enrollment.

Paul Reid, former president of Y. M. C. A. spoke at the weekly Y. M. C. A. meeting Thursday afternoon. He talked informally about the ideal of righteous living and a person's attempt to live up to that ideal.
